

BRUT ROSÉ

Brut Rosé Juvé & Camps is made from the free-run juice with a slight maceration of Pinot Noir grapes, which come from our vineyard on the Espiells estate.

This cava is a beautiful bright pink colour. The numerous streams formed by its large number of tiny bubbles create a truly spectacular effervescence. Its white crown, abundant and long-lasting, contrasts with its pink background, highlighting its magnificent mousse.

Its aroma is delicate and intense. In it, we can find clear notes of cherries and strawberries, surrounded by hints of honey, toast and floral memories. It has a very unusual nose in which freshness dominates over vinosity.

It is exuberant on the palate. The effervescent mousse that is released on tasting is intense and creamy. It caresses the inside of the mouth very gently, releasing all of its rich aromas.
