

MILESIMÉ ROSÉ

The cava has a beautiful pale pink hue with countless chains of minute bubbles forming a compact and persistent white ring on the surface.

The aroma is elegant and very intense. Initial impressions of distinct ripe cherry notes. As the aroma gradually evolves, it reveals greater complexity with lactic and floral notes framed by echoes of toasted bread and brioche.

The palate is both luscious and fresh. Delightful, intense effervescence coats the mouth in magnificent creaminess. The cava unfolds to display its full aromatic richness, enveloping the palate in wonderful sensations.

A magnificent rosé cava where the varietal fruit aromas of Pinot Noir meet notes of extended aging.
