

LA SIBERIA

Beautiful pale pink cava with salmon-colored nuances indicative of its long aging. The constant effervescence fills the glass with chains of tiny beads that form a lasting ring on the surface.

The aroma is deep, complex and very elegant. Intense red fruit notes (cherry, redcurrant, etc.) appear alongside aromas of extended lees aging (brioche and butter). The cava gradually opens up to reveal subtle nutty undertones.

Magnificent structure in the mouth, framed by lovely effervescence that caresses and envelops the palate in pleasant sensations. Exceptionally creamy but also surprisingly fresh given its long aging. Remarkably persistent, with echoes of dried peach, cherry, nuts, fine puff pastry and an underlying minerality.

Type

D. .O. Cava Gran Reserva
Brut Nature

Soil

Loam-clay-limestone

Grape varieties

Pinot Noir

Rootstock

110 Richter

Planting Density

3500 vines per hectare
